Department of Transportation
Notice to Consultants
Washington State Ferries (WSF) Vessel Operating Staff*

Revision 1 May 31, 2022

The Washington State Department of Transportation (WSDOT) solicits interest from a consultant who wish to be evaluated and considered to assist them in finding WSF retired MM&P members for WSF vessel operation work, hereafter referred to as the CONSULTANT, for the purposes of staff augmentation. One Task Order Negotiated Hourly Rate Agreement may be awarded. The Agreements will be approximately two years (2) years in duration. The Agreement amount will be approximately \$1 million with the option for WSDOT to supplement it for additional time and money if necessary.

Additionally, this Agreement may be funded by the Federal Transit Administration (FTA) and as such, prospective Consultant is required to comply with FTA Provisions & Certifications and complete and submit FTA Certifications with their submittal. (please refer to pages 6 and 7 of this document). WSDOT reserves the right to amend terms of this “Request for Qualifications” (RFQ) to circulate various addenda, or to withdraw the RFQ at any time, regardless of how much time and effort consultants have spent on their responses.

Project Description

Purpose

WSF is facing severe staff shortages that are unprecedented in its 70-year history. The effects of an international shortage of mariners, the COVID-19 pandemic, and the aging demographics of the Ferries workforce have combined to reduce staffing below levels necessary to fully operate the system. This has resulted in unplanned service reductions and a decrease in system reliability even as ferry ridership is now approaching, or exceeding on several routes, pre-pandemic levels.

WSF employs nearly 1,900 people on vessels, in terminals, at the Eagle Harbor maintenance facility, and at the headquarters facility in Seattle. The management, maintenance, and operation of the ferry system depend on several specialized positions responsible for transporting people and goods in a marine environment nearly 24 hours a day, 365 days a year. These specialized employees, such as deck officers and engineers, undergo years of training, certifications and sailing time before they are qualified to serve in these positions.

Because WSF is crewed at the minimum levels required by the U.S. Coast Guard, the loss of a single crewmember means a vessel cannot sail, and a trip or multiple trips must be cancelled. Cancellations are only made after WSF’s dispatchers make hundreds of calls to other staff trying to fill vacancies.

Therefore, WSF is seeking a Consultant to assist them in finding WSF retired MM&P members as per Rule 20.12 of the International Organization of the Masters, Mates & Pilots Collective Bargaining Agreement.

The prospective Contractor shall ensure that the latter Certification form is included in every project subcontract that equals or exceeds \$25,000.
3. The inability of a person to provide the required Certifications will not necessarily result in denial of participation in this project. However, a person that is unable to provide a positive Certification must attach a complete explanation, as so noted on the Certification.
4. The Certification of Subcontractors must be included by the Contractor in each and every subcontract, that equals or exceeds \$25,000 and before any such subcontractor commences work on the project.
