

## 2013 County Safety Projects (Construction-only funds through a quick response call for projects)

Agency	Project Title	Improvements	Funding Award
Adams County	2013 Guardrail Safety Project	Remove low tension cable guardrail and replace with guardrail that meets current standards.	\$1,000,000
Chelan County	Entiat River Road Guardrail Infill	Install guardrail.	\$479,794
Clark County	Guardrail Safety Improvements (Pacific Hwy, Hayes Creek Road, & Cedar Creek Road)	Replace existing guardrail and install new guardrail.	\$988,000
Cowlitz County	Willow Grove Road Guardrail	Install guardrail and guardrail terminals. Install flexible guide posts on the guardrail.	\$480,000
Franklin County	Road Safety Program Phases 1 & 3	Flatten a slope and install guardrail. Upgrade signing and delineation through a curve. Install over-sized Stop signs with flashing beacons, advanced warning signs, and transverse rumble strips.	\$360,800
Grant County	County Road Safety	Upgrade existing and add new horizontal alignment signing and guideposts, install an overhead flashing beacon, and install durable rumble lines with new Stop Ahead signs.	\$343,467
Grays Harbor County	2013 County Road Guardrail Project	Install guardrail.	\$440,000
Kitsap County	SR 303 SB Ramps and Ridgetop Blvd NW Signal Project	Add a right turn lane, install a traffic signal with pedestrian signals, and provide signal coordination.	\$410,000
Klickitat County	BZ Glenwood Safety Improvements	Remove or relocate fixed objects from the clear zone, flatten slopes, and install guardrail and recessed pavement markers.	\$475,640
Lincoln County	Lincoln County Widespread Guardrail Installation Project	Install guardrail.	\$799,924
Pierce County	Orville Road East (MP 11.97 to MP 12.08)	Install guardrail.	\$74,000
Skagit County	Pioneer Highway / Fir Island Intersection	Construct a roundabout.	\$2,000,000
Spokane County	Hangman Valley Road #1717, Milepost 2.76 to 3.31 Segment Safety Improvement	Upgrade existing and install new guardrail and signs. Install delineators on and in advance of guardrail.	\$260,973

Spokane County	Madison Road Segment Safety Improvements Project from Milepost 4.08 to 4.59	Upgrade existing or install new signs. Install guardrail. Install delineators on and in advance of guardrail.	\$173,174
Spokane County	Magnesium Road from Milepost 0.30 to 0.66 (Regal Street) Segment Safety Improvements	Upgrade existing or install new signs. Install guardrail. Install delineators on and in advance of guardrail.	\$138,215
Spokane County	Wellesley Avenue Safety Project - Murray Road to Starr Road	Widen the roadway to install a two-way left turn lane and left turn lanes. Upgrade or install new signing and pavement markings.	\$313,851
Thurston County	Martin Way-Meridian-Duterrow Intersection	Improve the visibility of traffic signal heads and improve traffic signal phasing.	\$65,000
Thurston County	South Bay Road NE Intersection Project	Narrow the lanes and provide lighting and guardrail.	\$75,000
Thurston County	Run-Off-Road and Intersection Safety	Based on a systematic analysis for county roads, upgrade signs and guardrail, install new signs and guardrail, and install pavement markings, delineators, rumble strips, and street lighting as needed. At the intersection of South Bay Rd. NE/26th Ave. NE, the lanes will also be narrowed.	\$2,000,000
